Health & Safety

Whether it is a sick attendee, a lost passport, or a larger threat, DMCs are extremely valuable in times of crisis due to their local connections and destination expertise.

Global DMC Partner's Event Safety Plan (ESP), our comprehensive template for creating an event contingency plan, is available to all of our clients. Using the ESP, meeting professionals, DMCs, and vendors can follow a step-by-step guide of items that should be included in every single contingency plan before your programme takes place. The GDP ESP can be applied to any programme in any destination.

Global DMC Partner's Health and Sanitation Standards ensure a clean, safe and comfortable experience for all. This is meant to be a roadmap of what GDP DMCs can offer and should be used as a starting point for discussions around building a personalized health and sanitation plan for your programs.

All GDP DMCs Will...

Follow at a minimum all local State/Country ordinances

Work with vendors that meet their health, safety and sanitation requirements

Work with clients to implement their specific requirements (within legal limits and abilities) as it relates to cleanliness and sanitation as best they can

Have a health and safety plan in place with all vendors to ensure compliance

Provide clients with their Health and Safety plan, which includes details on their vendors health and safety protocols and processes
